THE ARIES "SPRING SPORT SPECIAL" PACKAGE

A New Stylish Package for Your Aries Custom Two-Door

The Dodge Aries continues to be one of the best-selling cars in America. To make sure it holds that position, the Chrysler Corporation is offering the 1982½ "Spring Sport Special" Package for the Aries Custom two-door (DH21). At an MSRP of \$395 this package includes these features:

- A new "zigzag" body-side tape stripe
- 14" wide whitewall steel-belted radial tires (T49) (P185/70)
- Luxury 14" wheel covers with color-keyed accents (W13)
- A new deck lid-mounted luggage rack

The "Spring Sport Special" adds even more style and handling capability to the Aries. The oversized steel-belted radials are designed for excellent grip and traction. Luxury color-accented wheel covers combine with these road-handling radials to make Aries both stylish and functional; and the new "zigzag" body-side stripe accentuates the body lines of the Aries two-door.
