Front to rear, you'll appreciate the style-consciousness of Chrysler LeBaron's design. In either the two-door or four-door models you'll recognize the attention given to aerodynamic lines and sleek body treatment. And that's not all — LeBaron brings to the mid-size car the look of elegance once thought only possible with larger size cars. Even the luxury car buyer wants to cut operating costs, and that's what a Chrysler LeBaron owner can do. The standard 2.2-litre engine is light, fuel-efficient, and runs on *REGULAR GAS*. LeBaron — a treat for even the most critical eyes!

## Chrysler LeBaron

The new Dodge 400 comes in a smart two-door model and has the look of elegance you'd expect in a specialty hardtop from Dodge. Aerodynamic lines and sleek body treatment represents the combination of tomorrow's technology with the Dodge tradition of engineering excellence. Dodge 400 — a treat to even the most critical eye ... with a list of features including padded top, smart woodgrain finish and brushed finish cluster bezels, precision instruments in an eye-pleasing art form. That means value for today's driving needs.
