

1985

CHRYSLER

# LEBARON

## CHRYSLER LeBARON. RIDING IN STYLE.

Variety is the spice of lifestyles. And there's a 1985 Chrysler LeBaron styled to spice up any life. Because no one offers a wider choice of stylish midsize models in one series than LeBaron.

LeBaron is comfortable in any surroundings, compatible with any lifestyle: the LeBaron four-door sedan...practical, but quietly prestigious; the LeBaron two-door coupe...sporty, but still distinctive; the Town & Country wagon...room for the family, but room for individuality, too; the LeBaron convertible...driving excitement, no outs about it.

LeBaron stands solidly in the center of the Chrysler line, the midsize fulcrum that balances traditional styling with contemporary tastes; its value and success measured by a reputation for quality construction, efficiency and innovative technology.

All models are equipped with Chrysler's TorqueFlite three-speed automatic transaxle. A 2.6-liter Mitsubishi-built engine is standard on Town & Country wagon, and optional on all other models. Also available on all models is a 2.2-liter turbocharged EFI (electronic fuel injection) engine.

Ride in the quality-built comfort of LeBaron. Ride on the technologically advanced efficiency of front-wheel drive. Ride in style.

**About this catalog:** We have tried to make this catalog as complete as possible. And we hope you will find it useful. However, since the time of printing, some of the information you'll find here may have been updated. Your dealer has details, and you should ask him for current information before ordering.

Some of the equipment shown or described throughout this catalog is available at extra cost.

CHRYSLER IS AN OFFICIAL SPONSOR  
OF THE U.S. EQUESTRIAN TEAM

The amateur riders appearing in this catalog do so under written agreement of the U.S. Equestrian Team.

The full line of 1985 Chrysler LeBarons shown in Black Crystal Coat.

Chrysler LeBaron four-door in Garnet Red Pearl Coat with Red vinyl roof.

## LeBARON FOUR-DOOR. THE LIFESIZE MIDSIZE.

LeBaron's midsize design wrings out every drop of efficiency... without squeezing the passengers. The technology of front-wheel drive expanded interior space to seat six in comfort. Crisp, aerodynamic styling gives LeBaron its smart looks and smoothness.

LeBaron has room for the family, and room for individuality. Distinctive styling touches include a full padded vinyl roof, luxury wheel covers, and a two-spoke color-keyed luxury steering wheel.

Inside, LeBaron offers a touch of plush with its standard folding armrest cloth front bench seat and easy-to-read instrumentation, set off by elegant dark woodtone accents.

More value is available for 1985 in the optional Popular Equipment and Luxury Equipment Discount Packages. Total manufacturer's suggested retail cost of each package (see page 17) is less than the price of the same options purchased separately. The Popular Equipment Discount Package is available on two and four-door models, and convertible. The Luxury Equipment Discount Package is available on all models except convertible.

Chrysler LeBaron two-door two-tone in Gunmetal Blue Pearl Coat/Radiant Silver Crystal Coat

## LeBARON TWO-DOOR. INNOVATIONS ON A THEME.

Sporty distinction is the two-door theme... underscored by innovations in technology, engineering and design.

Nestled between the solidly comfortable high-back cloth bucket seats is a new full-length console, integrating with the padded top instrument panel. The console contains storage areas, removable coin holder, and cup holder (or cassette tape holder if tape deck is ordered).

Engineered for over-the-road smoothness, LeBaron's dual-path Iso-Strut front suspension with linkless antisway bar provides a stable ride. Rear suspension consists of a beam axle with trailing arm, coil springs, and premium shock absorbers. Power-assisted rack-and-pinion steering provides firm, tee, steering and sure control. A special sport/handling sus-

pension system is also available and is recommended with the optional 2.2-liter FFI turbo engine.

Value presumes quality. And Chrysler ensures that quality with innovative construction and quality control measures such as these: computers that check materials and components; extensive use of galvanized and pre-coated steels; accurate robotic welding.

And it's all backed by Chrysler Corporation's 5:50 Protection Plan, a limited warranty that extends coverage on power train components, including engine, transaxle, and axle—plus outer pane rust-through protection—for five years or 50,000 miles, whichever comes first. A deductible may apply. Fleet and lease vehicles are excluded. See your dealer for details.

Chrysler Town & Country shown in White Crystal Coat with simulated wood trim

**TOWN & COUNTRY WAGON.  
DULY APPOINTED IN THE CHRYSLER TRADITION.**

Room is the reason to buy any wagon. But when roominess is appointed with features that add comfort, convenience and style, the only reasonable choice is the Town & Country wagon.

Room? With rear seat down, Town & Country has 69.6 cubic feet of cargo space. Appointed, of course, with full carpeting, protected by skid strips. The attractive roof luggage rack is standard.

The 2.6-liter MCA-JET Silent Shaft four-cylinder, built by Mitsubishi Motors Corporation, is the standard engine for carting that cargo. Chrysler's own 2.2-liter turbocharged engine with electronic fuel injection is also available, and Chrysler's proven three-speed automatic

smooth-shifting Torque-Flite transaxle is standard.

For more than four decades Town & Country has been a styling leader. The trend continues in 1985 with such stylish touches as simulated woodgrain side paneling, dark woodtone accents on the instrument panel, and comfortable center armrest bench seating.

Technology advances in 1985, too: new heating

(and optional air conditioning) controls allow more precise temperature settings, more driver choices for directing heated or cooled air, and greater control of air velocity. New options include Ultimate Sound system radio and a full-length console integrated with the instrument panel.

Chrysler LeBaron Town & Country convertible shown in White Crystal Coat with simulated wood trim, Chrysler LeBaron convertible shown in Black Crystal Coat

## LeBARON CONVERTIBLES. THE BREEZE AND YOU.

America's love affair with the convertible was rekindled when Chrysler technology made some advances. Aerodynamically styled and electronically updated, 1985 LeBaron continues its advances.

LeBaron offers a choice of power sources: the Chrysler-built 2.2-liter EFI (electronic fuel injection) engine is the dependable standard; available optionally are the Mitsubishi-built 2.6-liter MCA-JET Silent Shaft engine, and Chrysler's 2.2-liter EFI turbocharged engine.

Comfortably sporty low-back vinyl bucket seats are divided by a fixed center armrest and console that houses control switches for the convertible top and power rear quarter windows.\*

Convenience touches include power-operated top, rear compartment side lights, tinted glass all around, and aerodynamically designed dual remote control sideview mirrors. All standard.

For the ultimate in breezy style, add the optional Mark Cross Package with such extras as luxurious low-back leather bucket seats and vinyl door trim panels tastefully accented with Mark Cross designer medallions. The package also includes leather-wrapped steering wheel, electronic instrument cluster, Ultimate Sound system radio, and locking wire wheel covers or cast aluminum road wheels.

\*When optional power windows are ordered, switches are in driver's door armrest.

## TURBOCHARGER. ANOTHER BOOST FROM ENGINEERING.

Available on all LeBaron models for 1985 is the Chrysler-built 2.2-liter overhead cam Trans-4 turbocharged engine with EFI (electronic fuel injection). The turbocharger increases horsepower—a boost of 47 percent over the standard 2.2-liter engine with EFI, for improved performance and increased

acceleration when passing. The turbocharger (above) features a special water-coolant passage that surrounds the turbine bearing lubrication channel. By controlling the oil temperature in the turbocharger, the extra cooling passage prevents breakdown of the oil.

## LeBARON. THE SERIES W

OPTIONS (add'l)

**Chrysler-built 2.2-liter EFI engine.** Ninety-nine hp engine with electronic fuel injection that increases efficiency by precise computer control of the fuel-air ratio. **Optional: Chrysler-built 2.2-liter turbocharged multi-point EFI engine** with a turbocharger that boosts power and improves performance and acceleration. **Optional: 2.6-liter MCA-JET engine** built by Mitsubishi Motors Corporation.

**Iso-Strut front suspension.** Rubber-isolated to prevent transmission of road shocks, the suspension has independent front coil springs and dual-path Iso-Struts combined with an integral link-less antisway bar.

**Front-wheel drive.** Transverse-mounted engine/transaxle concentrates weight over front wheels for stability, and more interior room.

**Chrysler-built TorqueFlite automatic transaxle.** Wide-ratio gearing improves acceleration through the gears without loss of fuel economy.

**Power-assisted rack-and-pinion steering.** Low turning effort and fast response for solid road "feel" and excellent directional stability.

**Power brakes.** Front disc and rear drum brakes combine for consistently smooth and sure stops.

**Fourteen-gallon fuel tank.** Large capacity increases driving range and reduces fuel stops.

**Insulation.** Special sound insulation throughout the body and special body/chassis mounting reduce road noise.

**Trailing arm rear suspension.** Combination of beam axle with trailing arms, coil springs, adjacent shock absorbers, track bar and torsion tube anti-roll control provides a smooth, level ride.

# WITH ALL THOSE OPTIONS.

**1. Ultimate Sound System.** The 36-watt electronically tuned AM stereo/FM stereo radio receiver includes memory scan, up-and-down scan, a stereo cassette tape player with automatic reverse and metal tape capacity DNR (Dynamic Noise Reduction) system and six-speaker sound. The system also features five-channel graphic equalizer, joystick balance/fader control, ambience sound control and an integral digital clock. **2. Illuminated vanity mirror.** Illuminated mirror on back of passenger sun visor to add those "finishing touches." **3. Automatic speed control.** Automatically holds the miles per hour selected, helping to improve highway fuel economy. **4. Tilt steering column.** Adjusts to six positions and makes entry and exit easier. **5. Rear window defroster.** Wipes rear window clear electrically. Includes tinted glass on all models. (Not available on convertibles.) **6. Air conditioning.** Bi-level ventilation increases air circulation and helps reduce cold spots. New controls provide more precise temperatures and a more varied selection of air direction and velocity. **7. Power seats.** Available on all models with standard front bench seats and for the driver's seat on models with bucket or 50/50 front seating. **8. Aluminum road wheels or wire wheel covers.** Add a sporty look and feel with aluminum road wheels, or an elegant touch with locking wire wheel covers. Wheel covers are available for all LeSaron models; aluminum wheels are optional on all models except Town & Country wagon.

Optional AM stereo reception may be restricted to areas where AM stereo broadcasting is not available. All other restrictions apply. DNR (Dynamic Noise Reduction) is a trademark of Nissan North America, Inc.

Certain models, packages and options are subject to specific restrictions, requirements, and late availability. Consult your dealer for current ordering information.

## STANDARD SAFETY FEATURES

• Safety-Rim wheels • Combination lap/shoulder belts for the driver and right front passenger; lap belts for all other passengers • Seat belt reminder system • Energy ab-

sorbing steering wheel • Dual braking system with separate brake fluid reservoirs in the master cylinder • Brake fluid pressure loss warning light (also serves as indicator when parking brake is applied) • Hazard warning (flasher) system • Turn signals with lane-change feature • Electronic ignition • Backup lights • Energy absorbing sun visors • Front seat head restraints • Energy absorbing front seatbacks • Inside and outside rearview mirrors • Side marker lights and reflectors • Seatback latches on folding front seats • Fade resistant front disc brakes • Electric windshield washers and wipers • Anti-theft ignition and steering column lock • Headlamp and wiper circuit breakers with automatic reset • Key-left-in-ignition warning • Nonoverride door locks (except driver's door) • Resilient window crank knobs • Side door beams • Dual throttle return springs • Interlocking door latches • Recessed inside door release handles • Rotary glove box latch • Reinforced windshield header and roof • Glare reduction measures for windshield wipers, instrument panel, and steering wheel • Double ball-joint rearview mirror mount

## OPTIONAL PACKAGES

### POPULAR EQUIPMENT DISCOUNT PACKAGES

(Not available on wagons)

• Electric rear window defroster<sup>1</sup> • Power door locks<sup>1</sup> • Tinted glass, all windows • Power windows<sup>2</sup> • AM/FM stereo radio, electronically tuned integral digital dock<sup>3</sup> • Power seat<sup>4</sup> • Trunk dress-up • Wire wheel covers<sup>4</sup> • Automatic speed control • Tilt steering column

<sup>1</sup>Not available on convertible.

<sup>2</sup>Available on wagon only.

<sup>3</sup>May be upgraded.

## LUXURY EQUIPMENT DISCOUNT PACKAGE

(Not available on convertible)

• Electric rear window defroster • Tinted glass, all windows • AM/FM stereo radio, electronically tuned integral digital dock<sup>3</sup> • Trunk dress-up<sup>4</sup> • Automatic speed control • Tilt steering column • Power windows • Wire wheel covers • Power door locks • Power seats • Chrome aero-styled dual power remote control outside mirrors • Power liftgate release<sup>5</sup>

<sup>1</sup>May be upgraded.

<sup>2</sup>Not available on wagon.

<sup>3</sup>Wagon only.

## TOWN & COUNTRY PACKAGE<sup>1</sup>

(Convertible only) • Simulated white ash moldings and high gloss marine teak applique on bodysides<sup>2</sup> • Deck lid luggage rack<sup>3</sup>

<sup>1</sup>Trunk Cross Package required. Bodyside moldings, wheel covers and sill moldings are deleted with this package.

<sup>2</sup>Available in package only.

## TWO-TONE PAINT PACKAGE

(Two-door and four-door only) • Two-tone paint with accent tape stripes (vinyl roof color matches lower paint color)

## MARK CROSS PACKAGE

(Not available on convertible) • 50/50 leather-and-vinyl seats with dual armrests,<sup>1</sup> and seat-mounted center console containing recliner controls<sup>2</sup> • Seatback pockets<sup>3</sup> • Vinyl door trim panels with piped flexion inserts; Mark Cross medallions on front door trim panels<sup>4</sup> • Leather-wrapped luxury steering wheel

<sup>1</sup>Available in package only.

<sup>2</sup>Not available in package; upgrading is permitted.

## MARK CROSS EDITION CONVERTIBLE PACKAGE

(Convertible only) • Low-back leather-and-vinyl bucket seats<sup>1</sup> • Power driver's seat<sup>2</sup> • Vinyl door trim panels with flexion inserts; Mark Cross

<sup>1</sup>Available in package only.

<sup>2</sup>Not available in package; upgrading is permitted.

<sup>4</sup>2.5-liter turbocharged four-cylinder engine may be substituted for 2.6-liter engine at extra cost.

## OPTIONAL 5/50 SERVICE CONTRACT COVERAGE

Chrysler Service Contracts provide you with additional peace of mind protection for your new

vehicle. Coverage starts on the specified components after your vehicle's basic warranty expires and continues for five years or 50,000 miles (whichever occurs first) from the original warranty start date. A deductible applies.

Allowances for car rental and towing are also included. Ask your dealer for details. Buckle up for safety.

CONSIDER LEASING

In these days of tight money and high interest rates more consumers are considering leasing as an alternative to buying. Leasing a new Chrysler LeBaron usually involves a small security deposit and a first month's lease payment. Monthly payments are usually less than financing a new car purchase. Ask your dealer for details.

All product illustrations and specifications are based on authorized information. Although descriptions are believed correct at publication approval, accuracy cannot be guaranteed. Chrysler Corporation reserves the right to make changes from time to time, without notice or obligation, in prices, specifications, colors and materials, and to change or discontinue models. See your dealer for the latest information.

MOPAR parts are engineered by Chrysler Corporation for use in your Chrysler LeBaron. When replacement is necessary, be sure to specify MOPAR parts. Used by professional mechanics all over the world.

At Chrysler we have one and only one ambition: To be the best!  
What else is there?

That's why we helped convert a smokestack industry into a high tech industry with robotics, lasers and highly advanced computers. And that's why, today, we are building high mileage, front-wheel drive products with outstanding quality. As a result, we have led the American automobile industry with unprecedented warranty coverage. We have proved that "Made in America" means something again.

Chrysler has made major strides in quality which have resulted in a total commitment to stand behind our products. No manufacturer has the right to ask people to buy its products unless it has the confidence to back them. Chrysler has made a unique promise: To back every Chrysler we build for five years or 50,000 miles on engine, drive train and outer body rust-through. Nobody else has made that promise.

Today every man and woman at Chrysler has a commitment—a commitment to build the best cars and trucks in the world. Quality. Hard work. Commitment. This is the stuff America is made of. And this is the stuff Chrysler is made of.

A handwritten signature in cursive script, reading "Lee A. Iacocca".

CHRYSLER CORPORATION. WE DON'T WANT TO BE THE BIGGEST, JUST THE BEST.
